RADIO DELIVERY SHEET WO#: _____

Thank you for your business! In this package you will find your fully-restored and ready-to-install radio. Your radio has been carefully disassembled, cleaned, repaired and updated with the highest quality components available. To ensure you have a good experience we have QA tested your radio twice, once before a 48-hour continuous run-in period, and again after the stress test is completed. Per your requirements, the radio has been configured as follows:

FMR Package: _____
